

# 2 8 square meters solar panel size

## Overview

---

Solar panel sizes and wattage range from 250W to 450W, taking up 1.6 to 2 square metres per panel. One of the most important things to consider when getting solar panels for your home is the specific solar panel size and dimensions. While “size” refers to power output (measured in watts), “dimensions” refer to the physical measurements of the panels themselves.
