

Base stations outdoor and indoor

Base stations outdoor and indoor

Embrace the outdoor

Our outdoor base stations can be installed anywhere and endure even the harshest conditions, eliminating the need for dedicated shelters or costly cooling solutions.

What Is A Base Station?

Indoor locations: In addition to outdoor locations, base stations are also installed indoors in places like shopping malls, airports, and stadiums to provide better coverage in crowded areas.

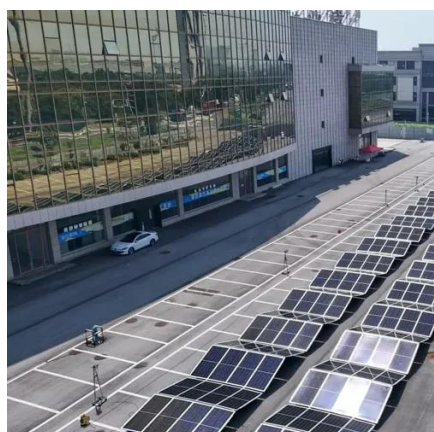

Types of base station according to propagation environment

Figure 2 shows the types of the base station used in indoor and outdoor and according to the propagation environment. Each type will be described in the following section.
