

Battery box under photovoltaic panel

Overview

This place is called a "battery enclosure", or what is essentially a vented box made from aluminum or fiberglass or steel. Most industrial off-grid solar power systems, such as those used in the oil & gas patch and in traffic control systems, use a battery or multiple batteries that need a place to live, sheltered from the elements and kept dry and secure. 5. Part Number: BBA-2 Manufacturer: OEM Material: Aluminum (Standard), Stainless Steel. Unbound Solar carries durable solar battery boxes and enclosures that are perfect for your off-grid or grid-tie with battery backup system. A poorly designed system can ruin your batteries. Price and other details may vary based on product size and color. Sunwize Power & Battery Battery Enclosures are available in various sizes and configurations for housing batteries and support equipment, engineered specifically for the PV industry but suitable in a wide variety of applications.
