

# Bess system for solar factory in Oman

## Overview

---

A Masdar-led consortium has secured a significant 500 MW solar photovoltaic (PV) and 100 MWh battery energy storage system (BESS) project in Oman, marking a substantial step in the nation's energy transition. Nama Power and Water Procurement (PWP) has entered into an agreement with an international consortium led by Masdar and comprised of Al Khadra Partners, KOMIPO and OQ Alternative Energy, for the development of the first solar battery project in the world. This pioneering initiative marks a significant milestone in the Sultanate's transition. Muscat: Agreement for Oman's first utility-scale solar and battery storage project with an investment worth of OMR115 million was signed on Monday.

## Bess system for solar factory in Oman

---

### **Pact for Oman's first utility-scale solar and battery storage project**

This strategic project, covering an area of nearly 10 million square metres with a generation capacity of 500MW, and battery energy storage system (BESS) capacity of 100MWh, embodies our

### [PWP signs PPA for Oman's first solar and BESS project](#)

The project will involve a 500 MW photovoltaic plant integrated with a 100 MWh battery energy storage system (BESS). The consortium includes Masdar, Al Khadra Partners, Korea ...

### [Oman Secures Major Solar and Battery Storage Project](#)

A Masdar-led consortium has secured a significant 500 MW solar photovoltaic (PV) and 100 MWh battery energy storage system (BESS) project in Oman, marking a substantial step in the ...

### **Oman launches large-scale 500 MW solar power plant with BESS**

The agreement includes the design, financing, construction, ownership and maintenance of the infrastructure, with the participation of key partners from the United Arab Emirates, South ...

### Masdar-led consortium awarded Oman's first large-scale solar and

The Ibri III Independent Power Project will combine a 500-megawatt solar photovoltaic plant with a 100-megawatt-hour BESS. A consortium led by Abu Dhabi clean energy company ...

### Nama signs RO 115 million agreement for Oman's first utility-scale

Masdar, a global clean energy leader, will lead the consortium developing the Ibri III Solar Independent Power Project, which combines a 500-megawatt (MW) photovoltaic (PV) plant ...

### Oman To Develop 500MW BESS Project

The Ibri III project will combine a 500 MW solar plant with a 100 MWh battery energy storage system, making it Oman's first utility-scale solar-plus-storage system.
