

Bulgaria energy-saving new energy storage battery

Overview

Bulgaria's Ministry of Energy has approved €588 million in funding for 82 standalone battery energy storage projects, totaling nearly 9. The final decision, announced on April 17, 2025, concludes a competitive selection process that began with 151 proposals in August 2024. 71 GWh in capacity, got approval for EUR 587 million in subsidies from the Ministry of Energy. Another 30 landed below the line, but the government intends to boost the program by EUR 120 million. More than four. Bulgaria's second standalone energy storage procurement exercise of 2025, worth close to BGN 229 million, received a lot of interest and there are 30 project proposals included in a reserve list, the government said.
