

Bulgarian large capacity energy storage battery manufacturer

Overview

International Power Supply (IPS) has officially launched Factory X1, marking the opening of Bulgaria's first battery energy storage system (BESS) gigafactory. 2 MWh X-BESS modules using over 70% European components. 2 MWh and fits into a standard container. The company plans to double the factory's annual capacity to 3 GWh already by. The manufacturing facility has launched with 3 GWh annual capacity, set to expand to 5 GWh by Q2 2026. The Bulgarian manufacturer says it aims to meet growing demand for efficient, large-scale energy storage solutions. From ESS News Bulgaria-based storage. The innovative Bulgarian project for the production of energy storage batteries BG EXERON X-BESS has been granted strategic status under the European Commission's Net Zero Emission Technology Development Regulation (NZIA).

Bulgarian large capacity energy storage battery manufacturer

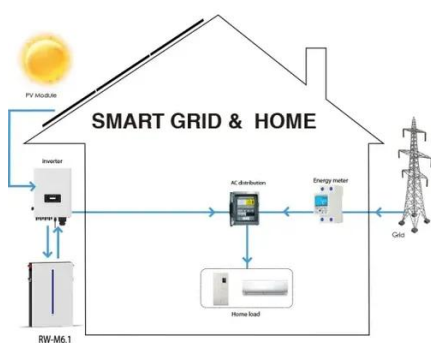

Bulgaria's Battery Storage Market

Some experts argue that so far energy storage is not a major issue in Bulgaria, thanks to Bulgaria's plentiful operational coal and nuclear capacities. However, the country needs to comply ...

IPS inaugurates Bulgaria's first battery storage gigafactory

International Power Supply (IPS) has officially opened its new battery energy storage system (BESS) manufacturing facility near Sofia, Bulgaria - a site recognized by the European ...

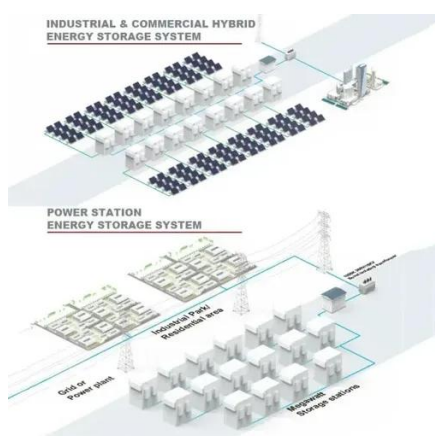

IPS opened the first gigafactory for battery systems in Bulgaria and

Bulgarian technology company IPS (International Power Supply) officially opened the country's first gigafactory for energy storage battery systems, placing Bulgaria among the leading ...

IPS unveils 8.1 MWh utility-scale BESS

Bulgaria-based storage manufacturer IPS has released a new utility-scale BESS with a rated capacity of 8.1 MWh and an integrated 4 MW inverter. The X-BESS 8 system is housed in a 20 ...

The Bulgarian IPS battery project is now strategic for the EC

The innovative Bulgarian project for the production of energy storage batteries BG EXERON X-BESS has been granted strategic status under the European Commission's Net Zero ...

[IPS Opens Bulgaria's First Battery Storage Gigafactory](#)

International Power Supply has inaugurated Factory X1 near Sofia, marking Bulgaria's first BESS gigafactory with an initial 3 GWh annual capacity, rising to 5 GWh. The plant will deliver ...

BESS factory of 1.5 GWh per year opening near Sofia in Bulgaria

International Power Supply (IPS), a Bulgarian manufacturer of battery energy storage systems, is about to launch operations at its new facility near Sofia. Its latest model has 8.2 MWh ...

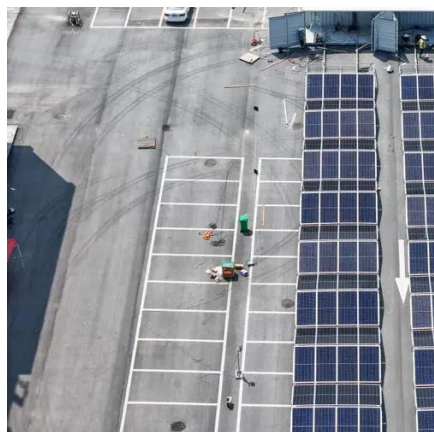

Bulgarian Battery Production for

Energy Storage for Clean ...

BG EXERON X-BESS is a system for electric energy storage in batteries, developed based on patented technology by International Power Supply AD (IPS). The production will be ...

A New High-Tech Factory for the Production of Energy Storage ...

This significant increase in production capability would position Bulgaria as a key manufacturer, enabling the country to supply up to 15% of Europe's anticipated demand for battery ...

[Bulgaria Approves 4GWh Battery Storage Under RESTORE 2](#)

The under-construction capacity was awarded under the initial RESTORE call, which made available approximately BGN 1.15 billion in EU-backed grant funding. The announcement ...
