

Cambodia approves solar power station

Overview

The Cambodian Council of Ministers has approved 23 new energy investment projects for 2024-2029, totaling \$5.79 billion for 2024-2029, aiming at addressing the shortage of energy sources, said a press release. The approval was made during a weekly cabinet meeting chaired by Prime Minister Hun. Cambodia is leaping its track in transition to clean energy, with solar farms set to double their electricity this year to the national grid.
