

Corrosion-resistant network cabinets for communication equipment rooms

Overview

At Iceberg Cabinets, we specialize in expertly designed telecommunications equipment enclosures that keep your network running smoothly. Our durable telecommunication cabinet designs provide secure protection for your essential assets and ensure optimal performance under all. ICEqube delivers industry-leading NEMA Cabinets and Racks designed to safeguard critical rack-mount equipment and batteries. With advanced environmental barrier control and durable construction, our climate-controlled cabinets provide protection against heat, dust, water, and environmental. When your network infrastructure demands reliable outdoor protection, American Products delivers weatherproof telecom enclosures engineered for performance and built to last. Our weatherproof outdoor telecom cabinets and waterproof outdoor telecom cabinets are engineered to withstand extreme conditions, ensuring maximum uptime and performance. Our products are available in both indoor rack-mount and outdoor-rated models for broadband and IT applications.
