

# Distribution and energy storage cabinet delivery time

## Overview

---

Typical lead times are 8–12 weeks for standard cabinet products and 12–16 weeks for containerized systems, supported by our position as a leading global energy storage systems and solutions company. By leveraging BESS technology, excess solar energy is stored during low-price periods and later sold during high-price periods—often at night—maximizing revenue and improving overall project economics. Helping to try and meet this goal, electricity storage devices can manage the amount of power required to supply customers at. The Integrated Energy Storage Power Cabinet is a compact, all-in-one solution that combines power distribution, energy storage, and intelligent control systems within a weatherproof enclosure. AZE Telecom, a leading manufacturer of BESS cabinets, offers innovative solutions for industries.
