

Dual voltage solar container battery

Overview

WECO dual voltage batteries are designed to provide high efficiency, ensuring that energy stored from your solar panels is used effectively. Housed in a durable dual-wall container, it delivers long cycle life, low maintenance, and consistent power output, making it an ideal choice for. Built-in BMS protects your battery and optimizes charging from solar controllers and converter chargers. 20-watt panel provides DC power to charge your vehicle's batteries. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. Off-Grid Solar Containers transforms 20-foot shipping containers into complete, turnkey electricity generators—engineered for the places where conventional infrastructure can't reach, and built for those who refuse to compromise on reliability. We provide install manuals, operation videos, remote support, plus onsite supervision and O&M training for large projects.

DUAL CONTAINER

This allows the battery to be disassembled,
installed as components and reassembled on site,
making it possible to simply and easily install
Hugh banks of heavy batteries.
