

# Dublin solar energy storage cabinet lithium battery manufacturer

## Overview

---

Our storage captures every kilowatt, stabilises output, and makes renewables behave like baseload power. From festivals to film sets, our mobile units deliver clean, quiet electricity where and when you need it — no fumes, no engine roar, just dependable power. For over 30 years, JTM Energy has been a leading pioneer in battery powered technology, powering progress with dependable high-performance products. Today we manufacture a range of battery energy storage systems — from compact single-phase units suitable for residential or light commercial. We are at the forefront of developing battery systems, supporting the decarbonisation of Ireland's electricity system. 5 megawatt (MW) facility in Stephenstown in County Dublin. Batteries are an important building block of the energy transition, as they stabilise electricity grids and enable a faster expansion of renewable.
