

Huawei Jamaica Gravity Energy Storage Project

Overview

Our smart hybrid inverters offer seamless integration between solar power systems, energy storage units, and the grid. Equipped with intelligent algorithms, they enable real-time monitoring and optimization of power flow, enhancing the overall performance of residential and commercial. Innovative Energy Group Limited, IEG, has signed a distribution agreement with Huawei Technologies that's projected to achieve US\$50 million in sales over five years, amid the Chinese tech company's push for market share in Jamaica's fast-growing renewable energy landscape. This partnership aims to enhance Jamaica's renewable energy capabilities, with projects planned for locations such as the island's.
