

# Kyiv energy storage project landed

## Overview

---

Ukrainian private utility DTEK has energised the largest battery storage project in the war-torn country and one of the biggest ones in Eastern Europe. DTEK partnered with American energy firm Fluence Energy Inc. The 200 MW/400 MWh installation spans six sites ranging from 20 MW to 50 MW and connected to the power grid in the Kyiv and Dnipropetrovsk regions. IPP DTEK Group and system integrator Fluence have together put a 200MW/400MWh BESS portfolio in Ukraine into commercial operation, a milestone praised by the country's energy minister Svitlana Grinchuk. The project will ensure stable electricity supply to Ukrainians, despite Russian attacks. DTEK company, together with American Fluence, have completed the construction of the largest. A complex of energy storage systems capable of powering 600,000 homes for two hours has begun operation in Kyiv and Dnipropetrovsk Oblasts, Energy Ministry reported on Sept.

## Kyiv energy storage project landed

### DTEK launches Eastern Europe's largest battery storage system ...

Ukraine's biggest private energy firm, DTEK, has launched a major battery storage facility that will bring power to hundreds of thousands of homes and strengthen the grid ahead of expected ...

### DTEK and U.S.-based Fluence Launch Ukraine's Largest 200 MW ...

As part of the project, six facilities ranging from 20 to 50 MW were connected across Kyiv and Dnipropetrovsk regions. Construction took place from March to August 2025 and cost DTEK ...

### DTEK and Fluence turn on 200MW Ukraine battery storage units

IPP DTEK Group and system integrator Fluence have together put a 200MW/400MWh BESS portfolio in Ukraine into commercial operation, a milestone praised by the country's energy ...

### Ukraine launched the largest Eastern European energy storage system

DTEK and American Fluence completed the construction of the largest energy storage system (BESS) in Eastern Europe. The project will ensure stable electricity supply to Ukrainians, ...

### [DTEK Unveils Ukraine's Largest Battery Storage Project](#)

DTEK has energised the largest battery storage project in the war-torn country and one of the biggest ones in Eastern Europe. The 200 MW/400 MWh installation spans six sites ranging ...

### **DTEK and Fluence energise the largest battery storage facility in**

Six new battery storage systems of varying capacities - from 20 to 50 MW each - have been connected by DTEK to the power grid in the Kyiv and Dnipropetrovsk regions. Collectively, they ...

### [Power Kyiv , Infrastructure development Ukraine](#)

Our 1 GW project combines gas, solar, and battery storage to secure Kyiv's grid, cut emissions, and support critical services. Explore investment in this high-impact initiative.

### **Ukraine launches Europe-scale**

## energy storage complex for 600,000

...

A complex of energy storage systems capable of powering 600,000 homes for two hours has begun operation in Kyiv and Dnipropetrovsk Oblasts, Energy Ministry reported on Sept. 11.

### [Ukraine's biggest battery storage project goes online](#)

Completed in only six months, the project was commissioned entirely remotely. Ukrainian private utility DTEK has energised the largest battery storage project in the war-torn country and one ...

### [Ukraine Builds Battery Network to Keep Power On During](#)

Ukrainian energy companies have set up battery parks across the country to help maintain electricity during Russian attacks. The locations are kept hidden to prevent them from being targeted.
