

Malaysian solar energy storage manufacturer

Overview

We provide Energy Storage Solutions targeted at applications which require high power density, high energy density, extended lifetime with optimum size/weight requirements. Backed by the Malaysian Government, we utilise our Patented Technology for a wide range of Stationary. EVE Energy Co. and its partners signed a contract for the Kuala Lumpur International Airport (KLIA) solar-plus-storage project, with Malaysia's Deputy Prime Minister Fadillah Yusof in attendance to witness the milestone. Their expertise in sourcing and handling crude oil and refined products highlights their capability to meet diverse energy storage needs. BESS technology is designed to store surplus energy generated from renewable sources like solar and wind, to be deployed when demand peaks or.
