

# Niue installs solar power generation system

## Overview

---

The Niue Renewable Energy project currently being constructed near the airport comprises a 2.79MWp photovoltaic solar array, 8. The launch marks a critical milestone in Niue's journey to strengthen and modernize its energy infrastructure. The journey began in 2020 through the support of the Australian Department of Energy and the Government of Niue and the United Nations Development Programme (UNDP), through its Multi-Country Office for Cook Islands, Niue, Samoa and Tokelau, convened the Niue National Energy Summit 2025 on 7-8 July at the Matavai Resort, bringing together government leaders, regional partners, community. ue Central Power Station. This is equivalent to 14 of the total installed. tral Power Station. Installing 600kW of solar to increase the islands overall solar capacity to 1.
