

Photovoltaic dedicated universal plate head

Overview

Buy Universal Socket Photovoltaic Plate Installation Electric Wrench Dedicated Turning Head Deepening 360 Degree No. 13 14 17 19MM online today!. The invention discloses a kind of dedicated universal connecting components of photovoltaic bracket, including first base and second base, the end face of the first base and second base is fixedly connected to first bearing, the inside of the first bearing is fixedly connected with connecting. ENRGY® Anchor is a lightweight, roof-top integrated, photovoltaic (PV)-mounting solution consisting of a Galvalume®*-coated steel plate welded to a stainless steel stud, with a JM membrane flashing target. Each assembly includes a leveling washer and membrane separator. High Wind Rating: Unlike a. CABLOWIND ® is the brand new product which further enriches the range of accessories proposed by Sun Ballast and which combines two distinct functions in a single element: Channel, which allows the correct accommodation of the cables, and additional ballast, to ensure further stability for the wind. PROPRIETARY AND CONFIDENTIAL THE INFORMATION CONTAINED IN THIS DRAWING IS THE SOLE PROPERTY OF PERFECTVISION. ANY REPRODUCTION IN PART OR AS A WHOLE WITHOUT THE WRITTEN PERMISSION OF PERFECTVISION IS PROHIBITED. It can achieve temporary connections (easy to disassemble) and permanent connections (difficult to disassemble). Fixing function Fasteners can ensure that.

Photovoltaic dedicated universal plate head

JM ENRGY Anchor

ENRGY® Anchor is a lightweight, roof-top integrated, photovoltaic (PV)-mounting solution consisting of a Galvalume®*-coated steel plate welded to a stainless steel stud, with a JM membrane flashing target.

CN109450356A

The present invention relates to universal connecting components technical fields, the specially dedicated universal connecting components of photovoltaic bracket.

[Dedicated universal connector for photovoltaic bracket](#)

The dedicated universal connector for the photovoltaic support can reduce the difficulty of connecting the universal connector with the photovoltaic support, and the connection is relatively ...
