

# Photovoltaic glass panel automatic feeding machine

## Overview

---

Key features include robotic arm operation, adjustable suction cups for various glass sizes (up to 3m x 2m), and PLC-controlled alignment ( $\pm 0$ ). Compatible with tempered, laminated, or coated glass, it boosts efficiency in PV module and architectural glass. The glass feeding robot consists of glass transfer robot and pick-up robot. The equipment includes 2 glass storage stations and 1 waste paper storage station. The glass carrier suction cup is made of polyurethane material, which will not. Solar Glass Loader|Radiant Pv Solar 1. Applicable Module Size:1640-2600\*992-1500mm; 2. Pick up paper:Pick up paper automatically and put it into recycling place; 4. Single corner tilting design to break vacuum suction during glass pick up. Air& electricity failure protection.

## Photovoltaic glass panel automatic feeding machine

### Robot glass loading machine Automatic solar module production line

Looking for a reliable robot glass loading machine for your automatic solar module production line? Explore our high-quality and efficient options now!

### CN222592794U

The utility model belongs to the technical field of glass feeding machines, and particularly relates to an automatic glass feeding machine for photovoltaic panel production.

### [Automatic Glass Loading for Solar Panel Production](#)

The company boasts advanced production equipment and a ...

### Glass loading machine

Glass loading machine Model: RO-BL02 Glass moving robot arm will move the glass to the transmission line and the paper picking robot arm remove the paper at the same time.

### [Automatic Glass Loading Machine , Solar Panel ...](#)

An automatic glass loading machine works to supply glass rapidly by ...

### [Automatic Glass Loading for Solar Panel Production](#)

The company boasts advanced production equipment and a professional technical team. Its main products include high-efficiency solar street lights, solar water pumps, integrated home solar ...

### [Full Auto Solar Glass Loading Machine](#)

Full auto solar glass loading machine can grab the glass and place it on the conveyor line automatically - We provide solar panel production line, full automatic conveyor with full automatic laminator, full ...

### [Solar Glass Loader-Load Glass](#)

## Automatically

### 1.Applicable Module

Size:1640-2600\*992-1500mm; 2.Feeding:suck glass automatically on the conveyor line,can set lack of material reminder; 3.Pick up paper:Pick up paper automatically and put it into ...

## **Automatic Glass Loading Machine , Solar Panel Equipment , Horad**

An automatic glass loading machine works to supply glass rapidly by automatically load, position and transport glass. It has two pallets to hold up glass and can adapt to different specifications of glass.

## Automatic GLASS LOADING MACHINE · Double100

Single corner tilting design to break vacuum suction during glass pick up. Air& electricity failure protection. With dust removing function.

## **Auto Glass Loader**

The glass feeder places glass on the tray on the assembly line automatically and accurately and recycles glass paper automatically; Designed capacity:23±1s/module (including clipping)

## Auto Glass Loader , Solar Panel

## Equipment supplier-Shuofeng

Shuofeng supplies auto glass loaders for solar panel production lines, ensuring precise and efficient glass handling. Our automated equipment enhances safety, reduces labor costs, and improves ...
