

Photovoltaic panels installed with good results

Overview

Our picks for best solar panel brands are Maxeon, Panasonic, LONGi and QCells. Though Maxeon is our top pick for black roof panels, Panasonic is another great option (and could be easier to find in 2023). But what's driving this widespread approval?

Is it simply the promise of lower energy bills or something more nuanced such as energy. Our expert and consumer reviews of the leading brands of residential solar panels show the best solar panels to suit your home in 2026 I chose Panasonic solar panels because they have a partnership with Tesla and Panasonic has a good reputation. To pick the best, we looked for high efficiency ratings, comprehensive warranties and good customer reviews. At the time of publishing, all our top picks have a maximum efficiency rating of. Solar technology keeps getting better, but do you really need the most efficient panels on your roof?

Here's what matters when making your solar decision. Still, every home is different, and most will benefit.
