

Price of new solar panels in Malta

Overview

Generally, a typical single phase 4.04kWp PV system would cost around €3,220 after government grant, with the average prices for solar panels systems ranging from about €800 to over €1,000 per kW of installed capacity, depending on exact specifications. Price based on €10,200 grant for new PV & battery storage. Why choose Virtue Solaris?

Our special offers are unmatched in the local industry. The first thing that struck me about this Arco Solar & Siemens SM20 20W Polycrystalline Solar Panel wasn't its size but its rugged build—perfect for Malta's sometimes harsh weather. I tested it in different sunlight conditions, and its 20W Pmax and high-efficiency polycrystalline cells really. The island has an extremely high sunshine yield, and the right solar system can drastically reduce your electricity bills. The Pantar team has repeatedly proven that clients are highly likely to start seeing a return on their investment within five years. Because of smart investments in solar. AQS Energy Malta provides professional solar panel installation, hybrid PV systems, off grid panels, inverters, mounts, and solar grant support for homes and businesses. Julian's-based store, you can get your hands on Proline Mounting Systems such as trapeze roof systems, sigma trackers.
