

Resort uses a 120-foot solar-powered container

Overview

Alterra Glamping in Pinamar, Argentina, is a beachside natural resort offering a unique “Glamping” experience with cabins made from repurposed shipping containers. Folding container homes are adept at serving both residential and commercial purposes. In residential settings, they can function as primary homes, guest rooms, or even as accessory dwelling units, providing flexibility for homeowners. Solar panels lay flat on the ground. This position ensures maximum energy maintaining standard shipping dimensions. Saves Money: When resorts are built with shipping containers, it helps keep costs predictable and often cheaper, which is. We make mobile solar containers easy to transport, install and use. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar. Modpools upcycles shipping containers that are otherwise destined to rust by creating prefab pools for your backyard. Overlooking the Hazards mountain range and inspired by natural coastal forms, Saffire Freycinet is a destination resort that.
