Heliup Unveils Bifacial Solar Panels for Large Flat Rooftops

Discover Heliup's new lightweight, frameless bifacial solar panels designed for commercial and industrial flat roofs. Learn how they boost energy output and safety.

Panneaux solaires Archive

Panels for large roofs that meet environmental challenges Our Heliup photovoltaic panels are designed for the large roofs of buildings (commercial, industrial, logistics, local authorities, etc.) whose load ...

[Heliup, lightweight roof-mounted photovoltaic panels](#)

Heliup is a startup specialized in the development and production of lightweight photovoltaic panels for large roofs on existing buildings.

Technology : lightweight solar panel

Solar panels are evolving with ever-higher levels of power and reliability. However, their considerable weight, combined with the fixing structures ($\sim 15 \text{ kg/m}^2$), is not compatible with a large proportion of ...

Solar Panel Manufacturer, Battery Pack, Solar System Supplier

Solar Panel, Battery Pack, Solar System manufacturer / supplier in China, offering Top Quality OEM 5kw/10kw Rooftops PV Home Solar Generator Solar Power Energy System, High Efficiency High ...

Photovoltaic solutions for large roofs

Discover our panels Photovoltaic panels for large roofs An innovative solution combining the production of renewable energy and the enhancement of property assets HELIUP develops and produces ...

Heliup wins 2025 European Solar Startup Award with ultra-light panels

The startup is addressing critical challenges associated with traditional solar panels, primarily their considerable weight. Conventional PV systems can weigh significantly due to both the ...

Heliup switches on 100 MW

lightweight solar panel factory in ...

Heliup has commissioned a 100 MW factory in France to produce lightweight solar panels for flat commercial and industrial (C& I) rooftops with limited load-bearing capacity, using ultra ...

[EUR10 Million For French Solar PV Manufacturing](#)

French technology start-up Heliup has raised EUR10 million from a host of investors to help realize its plans for 100 MW annual production capacity for lightweight solar panels. The company ...

[Heliup, lightweight roof-mounted photovoltaic panels](#)

HELIUP is a greentech manufacturer of lightweight photovoltaic solutions engineered for large commercial, industrial, logistics and public rooftops with tight load constraints.
