

Shopping mall uses folding containers for single-phase payment

Overview

This study seeks to explore the effectiveness of employing foldable containers (FLDs) in liner shipping to reduce relocation and the empty containers and bunker costs (BCs). The rise of shipping container malls is a story worth telling—a tale where minimalism meets modernism, and where urban renewal finds its most unexpected ally in maritime metal boxes. These containers can be transformed into shops, cafes, pop-up stores, and various retail outlets. Request a Consultation! Shopping malls can choose from various types of shipping containers, each designed to. Since the world's first pop-up container mall, Boxpark Shoreditch, opened in 2011 in London, several major franchises have cashed in on the trend of customizing containers into visually appealing pop-up businesses.
