

Solar Container Single-Phase Product Guaranteed Genuine Product

Overview

With a 12 or 24-panel solar array (4 to 8 kWp), 3-stage water purification system, lithium battery storage, multiple output ports, and an optional cellular router/modem, it's amazing we fit it all into a 6ft (2m) shipping container. SolaraBox Mobile Solar Container brings green energy wherever you need it. Built for. The product images shown may represent the range of product, or be for illustration purposes only and may not be an exact representation of the product. This system is realized through the unique combination of innovative and advanced container. Our containerized energy solution offers notable economic and practical advantages: Renewable energy systems are no longer permanent fixtures; they are now redeployable to cater to your evolving needs. It not only transports the PV equipment, but can also be deployed on site. It is based on a 10 - 40 foot shipping container.

Solar Container Single-Phase Product Guaranteed Genuine Product

GRADE A BATTERY

LiFePO4 battery will not burn when overcharged or over discharged, overcurrent or short circuit and can withstand high temperatures without decomposition.
