## Overview

---

We specialize in producing and exporting the solar tempered glass for solar panel and solar heater collectors and greenhouse, BIPV glass, CdTe glass, float glass, reflective glass, insulating glass, tempered glass, laminating glass, paint glass, mirror and other. We specialize in producing and exporting the solar tempered glass for solar panel and solar heater collectors and greenhouse, BIPV glass, CdTe glass, float glass, reflective glass, insulating glass, tempered glass, laminating glass, paint glass, mirror and other. Our main products cover solar tempered glass, BIPV glass, architectural glass (tempered glass, insulated glass, laminated glass), decorative glass (frosted glass, printed glass, colored glass) automotive glass. We have equipped our production lines with world-class manufacturing equipment and. Solar tempered glass is a crucial component in the solar energy industry. It is a type of safety glass that has been heat-treated to increase its strength compared to regular glass. Our company is located in the beautiful seashore tourist city---Qinhuangdao, which is one of the first coastal open cities and the important foreign trade ports in the north part of China. Our city is in. QEET was founded in 2005 and works with several partners together as a group, is engaged in Float glass, Patterned glass, Processed glass, Solar glass production of professional enterprises. With its strength in supply chain, Quantum provides high value-added materials, with the target to.
