

# Thailand invests in containerized energy storage project

## Overview

---

PTT Exploration and Production (PTTEP) has approved Thailand's first carbon capture and storage (CCS) project at the Arthit gas field, marking a significant step in the nation's energy transition. Announced last month, this initiative aims to solve the region's persistent power fluctuations while supporting Thailand's 2037 Carbon Neutrality Roadmap. Let's. Bangkok, Thailand, July 4, 2024 - Delta Electronics (Thailand) PCL. launched the Delta LFP Battery Container energy storage solution in the Thailand market to support EV charging and renewable energy infrastructure at the ASEAN Sustainable Energy Week 2024 held in Queen Sirikit National Convention. Thailand intends to source nearly 35,000 MW of new electricity from renewables as it looks to reach carbon neutrality and net zero commitments. However, the deployment of Battery Energy Storage Systems across the country remains limited. [2] While grid capacity is currently approximately 48.

## Thailand invests in containerized energy storage project

### Thailand Container Energy Storage Project: Solutions for a ...

Specializing in turnkey energy storage solutions since 2015, we've deployed over 800MWh of storage capacity across Southeast Asia. Our container systems meet international certifications including IEC ...

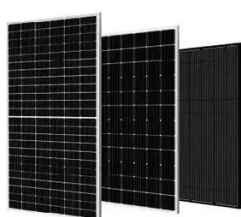

### Thailand's Chiang Mai Energy Storage Project: Powering Sustainable

Northern Thailand's energy storage project in Chiang Mai marks a turning point for renewable energy adoption across Southeast Asia. Announced last month, this initiative aims to solve the region's ...

### [Thailand's emerging energy storage sector](#)

Energy storage is in its infancy in Thailand, and new business models are already emerging. As the regulatory framework adapts to accommodate new players in the market, we ...

### \$15 Million for Energy Storage! Chinese & US Enterprises Jointly Build

The two parties will jointly invest 15 million US dollars to construct a battery energy storage system project in Thailand. According to the

agreement, the two sides will establish a ...

### Thailand Needs More Battery Energy Storage Systems

Thailand may lack the Battery Energy Storage Systems (BESS) necessary to navigate supply and demand challenges. The 2024 PDP draft included 10,000 MW of BESS, but this may see ...

### **Wenergy Launches Green Energy Storage Project in Thailand, ...**

Wenergy offers advanced intelligent energy storage systems, while TCE brings deep local market insights and expertise. Together, they are addressing Thailand's unique energy challenges, including ...

### **Thailand Approves First Major Carbon Capture and Storage Project**

PTT Exploration and Production (PTTEP) has approved Thailand's first carbon capture and storage (CCS) project at the Arthit gas field, marking a significant step in the nation's energy ...

### Delta Unveils New Energy Storage

## Solutions at ASEAN

This year, the Delta Booth J1 Hall 2 integrates the company's latest AC and DC Electric Vehicle (EV) chargers, PV Inverters, Energy Storage and Energy Management Systems for Thailand ...

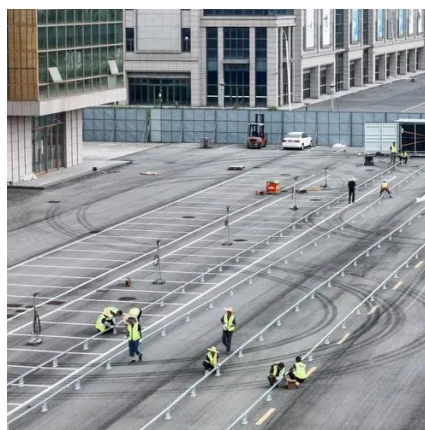

## Thailand invests in containerized energy storage project
