

The wind knife generator is stopped

Overview

Rebecca Childress and Michael Hayward on sailboat Brick House arrive to Le Marin, Martinique and need to repair the KISS Wind Generator. it has stopped spinning suddenly - it's all seized up. If the wind generator is turned off via that switch it also says "Sky blocked" even tho that's not true. The wind generator also keeps its config when you break it, that's why it doesn't work anywhere Not sure why the. The "wind mechanic" is that they need to be outside and un-sheltered as well as stocking with lubricant. Originally posted by Myrrdinn:.. gn to wind turbines still used today. The wind turbine has a capacity of 200 kW and it employs a new invention, emergency aerodynamic tip breaks, which f the broken turbine itself surfaced. Without this module you will need some other mod to be able to produce energy for your Mekanism machines. Our DEWALT generators have a low oil shut off feature.
