

Tianwei thin film photovoltaic panels

Overview

, Ltd is a wholly-owned subsidiary of TianWei Baobian Electric (600550. SH) and is specialized in producing of amorphous silicon (a-Si single junction) and amorphous / microcrystalline (a-Si/uc-Si tandem junction) thin-film photovoltaic modules. Based on Oerlikon turnkey. China's Baoding Tianwei SolarFilms was one of the early casualties, disappearing from the thin film manufacturing scene in the mid-2010's. This first phase of the Tianwei project produces 500,000 modules per year, which generates a total of 46 megawatts of power. The facility was completed ahead of schedule. 888 of Hengyuan west road, Industry Development Zone, Baoding, Hebei. " [This agreement] demonstrates both the rapidly-growing market for solar energy in the Asian market and the advantages offered by our own.

Tianwei thin film photovoltaic panels

Thin Film Solar Module Manufacturer, a-Si Thin Film Panel, a-Si Thin

Baoding Tianwei Solarfilms Co., Ltd. is a world leading high-tech company, specializing in designing, manufacturing, selling and installing thin film solar modules and related accessories.

Principal Solar Institute

Here are the PSI Ratings for modules from Baoding Tianwei Solarfilms, calculated based on initial performance test data. If you don't see a solar module that you are considering, contact us and we ...
