

# Togo new energy solar site

## Overview

---

Togo is advancing its clean energy goals with the construction of a 42MW solar PV plant in Sokodé, set to become the country's largest solar facility. The project includes an installed solar PV plant of 61. An installation ceremony for the project took place last week. Image: Togo's. Togo, a small West African nation, is poised for a significant boost in its renewable energy capacity. Image source: AfDB. Togo has launched the "Café Lumière" initiative, a solar-powered community. (Togo First) - Togo is preparing to launch an ambitious 400-megawatt (MW) solar energy development project as part of its strategy to achieve universal access to electricity by 2030. Last week, a technical workshop was held in Lomé to design the competitive process for the project's implementation.

## Togo new energy solar site

### [Togo: Solar project launched to increase rural energy access](#)

Togo has launched the "Café Lumière" initiative, a solar-powered community electrification scheme, in a bid to accelerate progress towards universal energy access. The pilot phase was ...

### [400 MW of solar power for energy independence](#)

It complements achievements already made, such as the Blitta solar plant and rural solar mini-grids. With this 400 MW solar project, Togo positions itself as a regional leader in the energy ...

#### DETAILS AND PACKAGING

### [Togo breaks ground on solar-plus-storage project](#)

Construction of a utility-scale solar-plus-storage project is now underway in northern Togo. The 25 MW Dapong solar project will include 36,000 solar panels across 52 hectares, along ...

### [Togo Accelerates Energy Shift with 400 MW Solar Project](#)

(Togo First) - Togo is preparing to launch an ambitious 400-megawatt (MW) solar energy development project as part of its strategy to achieve universal access to electricity by 2030. Last ...

### [62 MW Solar Project in Togo Secured Financing](#)

The AfDB is investing EUR26.5 million in a 62 MW solar project in Togo. French power utility Électricité de France is developing the plant in the city of Sokodé. The utility is responsible for the ...

### **African Development Bank's EUR26.5 Million Solar Investment to Power Togo**

Togo's new solar farm, co-developed by EDF and Meridiam with support from AfDB, SEFA, and Proparco, will generate 87 GWh of clean electricity annually - strengthening energy ...

### [Togo solar power: Impressive 42MW Plant Boosts Energy](#)

Togo is making significant strides in its renewable energy journey with the construction of a 42MW solar photovoltaic (PV) plant in Sokodé, located in the central Centrale region.

### **Energy Transition in Togo: AfDB**

## Finances 62 MWp Solar Power Plant

...

Find out how Togo is accelerating its energy transition with a 62 MWp solar power plant in Sokodé, supported by the African Development Bank and its partners.

## [African Solar Energy: Togo Leads the Energy Transition](#)

A flagship project is the Dapaong solar photovoltaic power plant, launched in April 2025, with a capacity of 25 MWp and a storage system of 36 to 40 MWh. This energy site is capable of ...
