### Will 5G become a civilian abandonment project? Many operators shut down

We all know that the 5G network has been promoted for many years, but some time ago, it was rumored that China Unicom shut down the 5G base station because it could not pay the electricity bill.

## Will 5G be an abandoned project? Why did operators shut down base

Since you want to cover a large area, you must build many more base stations than the previous 4G. However, the construction of more base stations does not mean that the number of people using 5G will increase.

- ✓ 50KW/100KWH
- ✓ HIGHER POWER OUTPUT IN OFF-GRID MODE
- ✓ CONVENIENT OPERATION & MAINTENANCE
- ✓ PRE-WIRED

## [Kyocera to exit 5G base station business](#)

Kyocera is set to abandon development of 5G wireless base stations. As reported by Nikkei Asia, the Japanese electronics manufacturer has abandoned the project, amid rising costs and competition.

## Are the three major operators shutting down 5G base stations to save

Wang Xiaochu, chairman of China Unicom, recently stated that 5G base stations are smart base stations that will automatically shut down or reduce capacity at night when there are no people or fewer ...
