

Young man made his own simple solar power generator

Overview

Watch as a young innovator transforms an iron pot and mirrors into a powerful solar generator! Witness the amazing journey as he enhances his design by salvaging a phototransistor from an old TV for improved efficiency. Sorry, an unexpected error has occurred. This project is perfect for: Outdoor. Portable, weatherproof, and ready-to-rock — a homemade solar generator can meet all your power needs in and around your boat, camper, or cabin. It provides a portable power source ideal for emergencies, camping, or reducing reliance on traditional electricity. It saves money and helps the environment. A solar generator can be a great project to start.
