

Zambia solar panel rail manufacturer

Overview

Our company is an end-to-end, customer oriented alternative energy company that is centered on marketing, trading, transportation, and distribution of solar panels in the Zambia and around the world. Our services includes design of bespoke solar solutions, monitoring of installations and PV Solar training. Watch this space for our new partnership program for resellers and installers that will be launched soon! Sunray. Introducing the range of galvanised channels from Unistrut. These channels have been specially designed as support systems for mechanical, electrical and plumbing installations which can be attached to existing steelwork or concrete inserts, or directly into walls, ceilings, and floors. Efficient and reliable solutions tailored to power your everyday essentials. Suntech is also registered with and licensed by the Energy Regulation Board. Founded with a commitment to advance renewable energy and infrastructure development, the Group has evolved into a multi-division engineering powerhouse delivering end-to-end EPC services. Our Tier-1 solar panels offer maximum efficiency and a 25-year performance warranty, ensuring you get the most out of every ray of sunlight. Secure your energy independence with our advanced lithium-ion battery solutions.
